MEMORIAL DESIGN

One Made by McGonigle Adopted by the Trustees of the McKinley Association.

THE SUM NEEDED WAS NOT RAISED

Several Changes Will Have to Be Made For Financial Rather Than Artistic Reasons.

Drawings Show a Massive Structure Unlike Either the Grant Monument, New York, or Garfield Monument, Cleveland.

New York, Nov. 23.—The national trustees of the McKinley Memorial association, who have in their charge the erection of the McKinley monument in Canton, O., met here and viewed the design presented by the official architect, H. Van Buren McGonigle.

The appointment of the architect, who had been selected by a committee, was ratified by the trustees, after which the plans were minutely inspected. At the close of the meeting it was stated that the sum needed had not been raised and that changes which may be necessary will be made for financial rather than artistic reasons. The drawings are said to show a massive structure unlike either the Grant monument, in New York, or the Garfield monument, in Cleveland. Its situation on the top of a hill renders a beautiful approach possible and the opportunities offered gave the architect an idea which it is said would require more money than the trustees have in hand.

Need \$50,000 More.

They now have about \$550,000, and need about \$50,000 more to carry out the plans as they wish. The trustees, after a long discussion during which they endeavored to plan changes in the design to enable their means to cover the expenses and not result in the added expenditures that marked the building of the Grant monument, appointed a committee to confer with the architect regarding the changes, after which they will report to the trustees. The committee consists of Gov. Murphy, New Jersey, and E. W. Bloomington, Cornellius N. Bliss and William A. McConway.

This committee held their meeting immediately after the trustees meeting. The members of the committee say that they are anxious to be able to start work on the monument next spring.

During the meeting resolutions on the death of former Postmaster General Payne were read and adopted and will be sent to Mrs. Payne.

Payne's Contribution.

The resolutions said that Mr. Payne had not only raised \$11,000 in Wisconsin, the average gift being 64 cents, but he had also contributed many thousands himself.

The design will not be disclosed to view until it has been completed and finally accepted.

Those present at the meeting were Judge William R. Day, president; Gov. Myron T. Herrick, of Ohio, treasurer; Gov. Murphy, of New Jersey; George B. Cortelyou, chairman of the republic

lean national committee; Senator Charles W. Fairbanks, vice president-elect; William McConway, of Pittsburgh; Judge Gary, of Maryland; John G. Millburn, Thomas Dolan, of Philadelphia; Alexander Revell, of Chicago; Gen. Duffield, of Detroit; Col. Lowrey and Judge E. J. Hammond.

TRAINS COME TOGETHER.

Fireman Burned to Death and Engineer and Four Passengers Hurt.

Little Rock, Ark., Nov. 23.—A special from Hoxie says: Passenger train No. 17, south-bound, from St. Louis, known as the Hot Springs special on the St. Louis Iron Mountain and Southern railroad, ran into an extra freight train which was taking the siding at Swifton, a small town 20 miles south of here. Harry Wells, fireman on No. 17, was burned to death and Engineer A. DeGulre, of the same train, was badly hurt, his arm being broken. Four passengers were seriously injured.

"MONTANA METEOR."

An Unsuccessful Flight of Benbow's Airship.

St. Louis, Nov. 23.—After remaining in the air for 45 minutes only for a brief period of which it was propelled by its own power, the "Montana Meteor," the airship designed and constructed by Thomas Benbow, of Columbus, Mont., was brought safely to the ground in an open field three miles southeast of the World's fair aerodrome.

The airship was navigated by the inventor, who stated to a press representative after the flight that he considered it very successful in the light of the accident that happened to his machinery. A leak in the gasoline tank allowed all the fluid to escape and rendered his motor useless shortly after he had started the flight.

HELD UP A SALOON.

One Man Was Killed and the Bartender Badly Wounded.

Minneapolis, Minn., Nov. 23.—During a turkey raffle in a saloon late Tuesday night at Columbia Heights, a suburb of Minneapolis, three masked men rode up, dismounted, entered the saloon and covered 14 men with their guns, ordering them to hold up their hands. All obeyed except the bartender, who immediately reached for his revolver. As he did so a shot rang out, the bartender, E. G. Mingo, being shot in the face. This started a general fusillade of shots, one of which instantly killed a young man, Alfred King, 20. The robbers only secured \$20 and made for their horses and started toward Minneapolis.

A FARM HAND.

Attempted to Rob a Bank and Badly Wounded the Cashier.

Platte Center, Neb., Nov. 23.—William Holden, a farm hand, during the noon hour entered the Platte Valley bank, demanded the bank's cash, and on the refusal of Cashier Barney Schroeder, to surrender it, shot the latter in the breast, inflicting serious but not a fatal wound. He made his escape in a buggy without securing any money. Holden was pursued and later captured by Sheriff Carrig, after the robber had fired at his pursuers.

PLACED DYNAMITE IN A MOLD.

An Apprentice Confessed He Received \$100 to Place It There.

Newport, Ky., Nov. 23.—Dynamite was found in a mold at the Eureka foundry Tuesday. Soon afterward warrants were issued for Fred Rauhauser, aged 20, molder's apprentice, for his father and for Joseph Hollowell. If the expected explosion had happened, the dynamite in the mold would have greatly damaged the foundry and endangered the lives of non-union men. It is stated that the apprentice confessed his participation in the plot to blow up the foundry and gave the names of fellow conspirators, one being an official of an organization of which he is connected. It is stated that the apprentice told where the dynamite cartridges were purchased and that he told his father about its purchase and the plot. The young apprentice had been considered a trustworthy employee. It is alleged he admitted he received \$100 to place the dynamite in the mold.

The attempt to blow up the Eureka foundry was made by placing three dynamite cartridges in the molds. There were three explosions, but no damage except to the molds. According to the report of the confession of the Rauhauser boy to the detectives, he alleged that an official of a Cincinnati organization urged him to place the three dynamite cartridges in the mold, while the non-union men were at work. The boy named the store where the cartridges were purchased. According to the confession reported by the detectives the son spoke to his father about the offer and was told "to go ahead, but be careful."

When Fred L. Rauhauser, sr., a carpenter at the Phoenix Carriage Co., was arrested, it is alleged that he admitted nearly all the statements of his son's confession.

NEWPORT IRON CO.

The Newport Iron and Brass Foundry Co. Changes Its Name.

Newport, Ky., Nov. 23.—The Newport Iron and Brass Foundry Co., incorporated under the laws of Kentucky, was Tuesday changed to the Newport Iron Co., with the same capital, incorporated under the laws of the District of Columbia, with offices in Washington. A copy of the new certificate of incorporation was filed with the secretary of state and the clerk of Campbell county, Kentucky. The object as set forth is for better protection under the federal laws from mob violence than has been accorded under state laws. The plant will be operated as an open shop and managed by an executive committee appointed by the trustees.

FOR SAFE KEEPING.

Smith, John and Ed Taylor Taken From Lexington to Louisville Jail.

Lexington, Ky., Nov. 23.—Spirited from the jail at 4:30 o'clock Tuesday afternoon, Garfield Smith and John and Ed Taylor were taken under a heavy guard to Yarnall Station, seven miles from the city, and there put aboard a C. & O. train at 5:30 o'clock. The Negro "white dog hunters" who murdered William Moore when they attacked a company of white men in a saloon Sunday night will be kept in the Louisville jail until the authorities believe it safe for them to appear for trial here. For two nights the strength of peace officers and militia alone served to overawe mobs that formed.

Site For the New Capitol.

Frankfort, Ky., Nov. 23.—The state capitol commission has received, through Attorney Frank Chinn, of this city, a proposition to sell to the state for a capitol site the property known as the "Hunt place," situated at the extreme southern end of the city, for \$15,000. The property consists of 22 acres, and is the highest point on the south side of the river within the limits of the city.

THE THANKSGIVING DAY HERO.

[By McCutcheon, in Chicago Daily Tribune.]

SECRETARY TAFT AND PARTY.

They Sailed From Pensacola, Fla., For Panama on the Columbia.

Pensacola, Fla., Nov. 23.—Secretary Taft and his party arrived here at 7:30 Tuesday morning on the Dolphin from New Orleans. They sailed for Panama at noon on the Columbia. The secretary was met by a committee of Pensacola citizens representing the local chamber of commerce. The intention was to give him a view of the harbor and shipping facilities, but his hurried departure prevented this excursion. The secretary received the committee on board the Columbia shortly after 10 o'clock. He was welcomed by a brief address by the collector of the port, John E. Stillman, and responded, expressing his regrets at not being able to view the harbor.

Secretary Taft was accompanied by Mrs. Taft. With him on the Columbia are Adm. Walker, Senor Obaldia, Panamanian minister, and Mrs. Cromwell. The Dolphin took the rest of the party. On account of the slow speed of the Dolphin it is expected five days will be required to reach Colon.

Before leaving Secretary Taft stated that he would return to the United States within 15 days, as he intended remaining in Panama only a short time. He will return by way of Pensacola and take a train here for Washington.

JAPS DISHEARTENED.

They Lost 500 Men in an Attack Near Zandagaw, Manchuria.

Zandagaw, Manchuria, Ey Courier to Mukden, Nov. 23.—The Japanese lost 500 men in the attacks of November 17 and 18, and were evidently disheartened. When they renewed the attack November 19 the Japanese sent out several battalions from Double Humped hill, but their movements lacked decision. The Russians opened fire from Poutiloff (Lone Tree Hill) and neighboring eminences. Shells burst in the midst of the advancing Japanese columns and quickly checked them. The Japanese also tried a turning operation at Chanilinda, but there also they were dispersed.

There was a slight encounter November 20. Russian scouts penetrated a short distance into the Japanese lines, but without much result.

During the last two days the Chinese have been moving in large numbers from the east, northward, taking their wives, children and household goods in order to save them from the Japanese. They evince more confidence in the Russians than the Japanese. The Chinese complain that the whole country between the Russian and Japanese lines is laid waste. Not a single dwelling is standing.

Two Suspects Arrested.

TO ABOLISH MILITIA

Resolution to That Effect Was Overwhelmingly Defeated by the A. F. of L.

WAS INTRODUCED BY A SOCIALIST

Measure to Petition Congress to Pass a Bill Pensioning Aged Workmen Was Also Voted Down.

Delegate Berger Denied the Authorship of the Slip Declaring Gompers and Mitchell Traitors to the Cause of Labor.

San Francisco, Nov. 23.—Disputes occupied most of the time of the delegates to the American Federation of Labor in Tuesday's session. There was a ripple of Monday's exciting proceedings when, upon the opening of the session, two resolutions introduced by Delegate Victor Berger, leader of the socialists, were presented for consideration. One of these provides for the abolishment of the militia as it now exists in the United States and the substitution of the Swiss system. The convention overwhelmingly defeated the measure.

The second socialist resolution asked the federation to go on record as being in favor of petitioning congress to pass a bill providing for an old age pension for workmen. This measure was also defeated.

Delegate Berger Explains.

The convention accorded Delegate Victor Berger the floor under a suspension of the rules that he might make a statement regarding the aspersions cast by the contents of a printed slip from his newspaper on President Gompers and John Mitchell. Healing balm was poured on the wounds when Mr. Berger stated that not only did he deny the authorship of the slip declaring that Samuel Gompers and John Mitchell had been traitors to the cause of labor, but that he knew nothing of the charges and was not in sympathy with the same and regretted the incident that caused the ill-feeling of Monday.

John Mitchell thereupon rose and asked to have stricken from the records the statements made by him to the effect that unless Mr. Berger proved his charges, he must stand before the convention stamped as a liar. The convention gave its unanimous consent to this procedure, amid applause and ended the bitterest controversy yet waged on the floor of the convention.

New York, Nov. 23.—Confessing, the police say, that he is a member of "The Black Hand Society," Antonio Lapello, 28 years old, of West Farms, was locked up in the West Chester police station Tuesday night, charged with kidnaping and extortion.

WEATHER FORECAST.

Fair to-night and Thursday.

Around the richly laden board
Thanksgiving day we meet,
And render thanks with grateful hearts,
For what we have to eat.

THERE will be no issue of the BULLETIN to-morrow for the reason that its employees who can raise the price want to eat turkey and emulate the bloated bondholder at least once a year by taking plenty of time to digest the Thanksgiving dinner.

THE Confederate comrades of Colonel Breckinridge turned out in large numbers to pay their last tribute of respect and as they marched to the city of the dead it was sad to think that in the very nature of things they too must soon answer the summons. Few of them are under the allotted span of three score years and many are getting unsteady of step and dimmed of vision. They are men, though, every inch of them, and having served their country nobly in war and grandly in peace, they will go hence with the plaudits both of God and man, "Well done, thou faithful servant."—Lexington Democrat.

The Chicago Board of Education has prescribed new methods for sweeping and cleaning the public schools. It is declared that the system now in use jeopardizes the health of scholars. The board requires that schoolrooms be covered with sawdust wet with a solution of bichloride and then thoroughly swept, and that blackboards be wiped off with wet sponges to prevent the spreading of the chalk dust, which is declared to be exceedingly injurious to lung tissue. Furthermore, all furniture and woodwork is to be cleaned at least once a month with a germ-killing solution.

Maysville Should Be Proud.
Mr. A. L. Merz was the only buyer from Maysville attending the greatest carpet and rug sale ever held in the United States. It is estimated that nearly six million dollars worth of rugs and carpets were sold at this auction sale and it should be of great pride to the people of Maysville that Merz Bros. was represented there by Mr. A. L. Merz. They bought considerable quantities of these goods and it will be probably two weeks before these goods arrive, and Merz Bros. say that not a person should buy a rug or a carpet until their sale starts. Then come to the sale, compare the goods and prices and then you will know why Merz Bros. are the leaders in Maysville.

DON'T CHASE SHADOWS.

Not Necessary to Do So in Maysville.

The substance is what you want. Let the shadow alone. Stranger's testimony is a shadow.

You want other endorsement to convince. Positive endorsement of friends and neighbors.

Removes the shadow of doubt. Mr. Isaac Lane, contractor and builder residing at 336 West Second street says:

"Doan's Kidney Pills do all that is claimed for them and do it promptly and thoroughly. I had not taken all of one box before I felt such great relief that a continuance of the treatment seemed unnecessary. I procured Doan's Kidney Pills at J. Jas. Wood & Son's drugstore, corner of West Second and Market streets. If there should be any re-occurrence of the trouble I now have a knowledge of a reliable remedy to end the attack."

For sale by all dealers; price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.
